

The Bicycle Racks Are For Two-Wheeled Hacks

PHA Manager Charles Cormack announced this week that the concrete work at the Center is under way. A walk-way has been completed in back of the main food store. Bike racks have been purchased and are to be installed in this parking area, as well as in front of the radio shop.

The bike parking area will be fenced in where cyclists may park their bikes. Mr. Cormack stated he will ask the Police department to enforce the rule in the next few weeks which would prohibit the riding or parking of a bike in the Center, other than in the designated parking areas.

It Ain't So

Rumor has it that Postmaster James Wolfe of Greenbelt has been replaced by Judge Thomas Freeman. According to Congressman Lansdale G. Sasser, there is no basis for the rumor.

An examination has been given for the job of postmaster of Greenbelt. Three veterans, who took the exam, are eligible, of whom Judge Freeman is one. James Wolfe is not a veteran, and therefore is out of the running, according to Mr. Sasser.

Dr. Dury To Head GHA Board Of Directors

Dr. Abraham Dury, 31-D Ridge Road, was elected president of the Board of directors of the Greenbelt Health association. Dr. Dury is an assistant professor of physiology at the George Washington university, school of medicine. He is replacing Larry Fink who resigned from the office due to serious illness in the family.

The board of directors has made arrangements for Dr. George Gray to cover the medical service of the health association while Dr. Max Bloomberg is vacationing in Montreal and Shawinigan Falls, Canada, where he will visit his children and grandchild. Dr. Gray is a qualified physician who has the experience of private practice and three year residency in internal medicine. The board is also in the process of hiring another full time physician for the Greenbelt Health association. Dr. Andrews is with the association on a part time basis.

THE HEAT'S GOT US

Hot weather and vacations conspire to bring about a shortage of local news. Therefore, this week's *Cooperator* consists of only four pages.

Tentative plans for the remainder of July and August call for a four page paper every other week, with the intervening issues being the regular 8 page format. Beginning in September, when organizations and seasonal news build up again we will resume our weekly 8 page format.

Every Little Bit Helps

A contract has been let by PHA to concrete a 300 feet stretch in front of the 13 Hillside Court on Hillside Road. According to Chas. Cormack, PHA Manager, the contract calls for a walk, gutters and curbing.

During the next week the contract for placing top soil around the large boiler rooms and in the fills between Hillside and Research and at the intersection of Ridge Road and Northway will be completed.

Swimming Meet Winners Listed

The swimming pool's contribution to the July Fourth celebration was a swimming and diving meet. The teams participating had been trained and conditioned by Life Guards Donald Brewer, Pete Cookson and Teddy Fox. The fourth team entered was assisted by Miss Ora Donoghue, recently returned from the National Aquatic School where she successfully completed a course in swimming, diving, boating and received her instructor's rating.

Team Scores Are Close

The team totals were very close for first position. However, Life Guard Pete Cookson's well-trained team eked out a narrow 1 point victory over Donnie Brewer's fighting crew. Pete Cookson was awarded a gold trophy cup for his efforts.

The individual honors in the diving were settled only by additional competition since the meet ended in a three-way tie between Pat Redd, Richard Ward, and Joel Brickman. Redd and Ward emerged from the deadlock the victors and received medals for their awards.

Brewer's Team Wins

Donnie Brewer's 160 yard relay team, consisting of Gene Kelleher, D. Hannon, Billy Donahue and Richie Ward, took top honors in that event. Each was awarded a medal. The time for the event was 2:00.0.

In the 40 yard dash Bob Markely representing Pete Cookson's team, finished the 20 yard course in 0:24.0 for the winning time and a swimming award.

Dale Ettleman began the back stroke portion of the 120 yard medley; he was followed by Beverley Kosatko doing the breast stroke and Jack Darling finished in the free-style for a winning time of 1:35.0. Each was awarded a medal.

The 80 yard dash was won by Miss Donoghue's representative Jack Marshall in the fast time of 1:01.0 for his swimmer's medal.

Architects To Visit Here

Professor J. Marshall Miller of the School of Architecture and Planning of Columbia University, is coming to Greenbelt Sunday with fifteen architects and planners from different parts of the country who are taking a special course in city planning at that university this summer. Mrs. Mary Jane Kinzer, supervisor of community and family services of the PHA office here will act as guide in showing them the town.

Mrs. Kinzer stated that Professor Garber of Maryland University and an exchange professor from Wisconsin University came to see Greenbelt last Wednesday.

Woodman Brings Home Bacon From Altoona

"Bacon" in the form of two shooting medals was brought back to Greenbelt last Monday from the Eastern Regional Rifle Championships at Altoona by Lyman L. Woodman, head of the local Gun club. Woodman took second place in a field of 150 shooters in one match, and top Expert class medal in the 100-yard, 40-shot match in which 100 persons competed.

Don Kern, Carol Gardner, and Woodman shot in 5 different matches at the Altoona range over July 4 and 5; all three succeeded in bettering their averages despite considerable heat and difficult variable wind conditions which "confused the bullets" and confounded most of the shooters.

'76 TO '48 ON WHEELS

Mrs. Frank Lastner, Mrs. Paul Kosatka, and Mrs. Edward Burgoon symbolizing services given at GCS service station with a smile or smiles, three, count them, also passed in front of the lens of Paul Kasko's camera.

Johnny Schaffer, Jack Snoddy, and Jack Darling marched away with first prize in Greenbelt's Fourth of July Parade under the sponsorship of the high school PTA. —A Kasko Picture.

Slippery Saga Solved 'Twas Sweet Sip Sue

Last week an unusual condition appeared on the sidewalks at the Center. Patches of an oily substance, never seen before, appeared all over the walks. It looked as though a big machine had driven over and deposited spots of oil on the walks.

Reason for the mysterious spots was soon discovered, however, due to the detective work of Charles Cormack, who noticed the spots were originating around the entrance to the tobacco store. He consulted the manager, who reached inside the candy case and came up with a "Sweet Sip Sue"—a 1c paraffin doll containing a sweet liquid.

The solution had then been found—children, after buying the Sweet Sip Sues, and sipping the liquid had discarded the paraffin portion to the sidewalk. The heat of the sun melted it and in turn, oily patches were formed.

Mr. Cormack immediately requested the tobacco store to discontinue the sale of the 1c candy "Sweet Sip Sues."

Survey For Guard Armory

A survey is being made by PHA this week to determine a site for the National Guard Armory. Boundaries will be determined in connection with the negotiations for the sale of land by the State of Maryland.

Rescue Squad Needs Additional Personnel

Additional members are needed if the Greenbelt Volunteer Rescue Squad is to continue its emergency service, according to James Sherman, assistant chief of the squad.

Monday, July 12, the organization will meet at the firemen's hall under the police station. Mr. Sherman expressed the hope that new recruits would attend.

As an example of the service being rendered the community by the group, Mr. Sherman told of three emergency calls answered during the Fourth of July celebration last Saturday. The squad maintained a first-aid post at Braden Field during the festivities. On display was a resuscitator of the type the squad hopes to buy, and for which contributions are being solicited.

Anyone interested in either joining the group or helping with the purchase of needed equipment may do so by calling Mr. Sherman at Greenbelt 6428, or by writing to the Greenbelt Volunteer Rescue Squad, Inc.

Tumblers, Artists—Note

All tumbling and arts and craft classes will be held at the North End school. The advanced tumbling class will meet on Mondays at 2:30 p.m. and the beginners on Tuesday at the same time. All arts and crafts classes will meet at 2:30 p.m.

Bang-Up Festivities Attract Thousands

Greenbelt's Independence Day festivities last Saturday started and ended with a bang.

First on the program was the annual "Fourth" parade. There were decorated floats representing the sponsoring organizations. The Greenbelt High School PTA float, representing the "Spirit of '76," won first prize, a large loving cup. Second and third prizes were awarded the Woman's Club and the Community Chorus.

Prizes For Kids

Greenbelt children were also decorated, as they marched or pedaled in the parade. Prizes were given Joyce Ott and Eric Morrow for the best decorated tricycle; to Lynn Kenestrick and Martin Strones for the best decorated bicycle, to David Smith and Kay Ellen Fruchtmann for the best costumes and to Mary Fitzmaurice for the best decorated carriage.

Sports competition on the athletic field also brought prizes to contestants. (A detailed story of sports results appears elsewhere in this issue.)

The Greenbelt band and majorettes gave performances, followed by rounds of applause.

Thousands Attend Fireworks

Crowds—estimated high into the thousands by the police—gathered on the Center school lawn to witness the array of fireworks provided by the town. The display was also visible and audible to stay-at-homes all over town.

Town Manager James T. Gobbel expressed appreciation to all who contributed to the success of the day's celebration, and especially to Greenbelt Consumer Services; Gar Wood Industries, Inc.; Prince George Bank and Trust Co.; Nelson Motor Co., Rock Creek Beverages, Arena Sport Store, Sport Center and Mitchell's Sport Store.

Absence May Make The Heart Grow Fonder But Not In This Case

Fourth of July accidents were conspicuous by their absence in Greenbelt this year. Police Chief George Panagoulis attributes this clear record to the cooperation of citizens and the good work of his staff.

Two fire alarms over the weekend proved to be one false alarm on Laurel Hill Road and one minor stove fire on Plateau Place. Johnny Bryant of 6-M Ridge, riding his bike on Southway, was hit by a Washington car but was promptly released after examination at Leland Memorial Hospital. A resident who parked his car at the Athletic Club claims the paint job was injured by the town fireworks display. Whether the town is liable has not been determined, according to the police department.

Several complaints were received at the station concerning violation of the fireworks ordinance.

State PTA Conference To Be Held Next Week

The Maryland State PTA conference under the auspices of the Maryland Congress of Parents and Teachers, will be held on July 13, 14 and 15 in the central auditorium, Science building, College Park, with the cooperation of the National Congress of PTA. There will be morning, afternoon and evening sessions covering a wide variety of subjects.

An invitation to the conference was issued by Mrs. E. K. Newton, publicity director of the Greenbelt High School PTA, to all parents and teachers in the vicinity.

Vol. 12 Thursday, July 8, 1948 No. 46

Long Overdue

Town Solicitor John White has delayed answering the double-leave question long enough.

Three months ago—on April 19—Mr. White was instructed by the town council to determine how much annual leave could be legally credited to Town Manager James T. Gobbel.

Next Monday's council meeting will be the last before Gobbel's resignation becomes effective.

The basic question seems to be: Can a man be employed on two full-time jobs, responsible to two separate employers, during one eight-hour day? Until July 1946, the positions of town manager (representing the citizens of Greenbelt) and community manager (representing the federal landlord) were combined in one office, held for some time by Gobbel.

It was decided, however, that the interests of the town could best be served by a manager without allegiance to the federal government. Thus, Gobbel was chosen Greenbelt's first full-time town manager, responsible only to the town's citizens. Charles M. Cormack was appointed by PHA as its community manager.

A resolution was adopted by the council then in office, setting up the position Gobbel was to fill. He was given all privileges enjoyed by other regular town employees. Prior to that time, he had been paid by the town at the part time rate of \$1500 per year. He also had been paid a regular salary by PHA.

The resolution said that certain things would be in effect "at such time" as the town manager entered his duties "on a full-time basis," indicating that they were not in effect while he was in the dual job.

Town Ordinance No. 91 specifies that only *full time* employees of the town are entitled to annual leave.

Before the separation of town- and community-managers, Gobbel received annual leave on the basis of 26 days leave per year (the regular full time federal rate). Upon termination of the combined job, he was paid for unused federal leave at the same rate.

Apparently the question of how much accrued annual leave the town manager was entitled to did not come up until after the present council was elected. Councilwoman Elizabeth Harrington asked for, and received, a statement from Gobbel. Included was a claim for 24 days per year on a full time basis for the period when he was employed in the dual capacity by the town (and during which period he received 26 days per year from PHA).

Refusing to accept the claim as valid, the council, at its April 19 meeting, instructed the town solicitor to decide the legality of the claim.

If Mr. White is too occupied with his private practice or other activities to respond to the few duties imposed upon him by the town council, perhaps another attorney with fewer restrictions on his time could be found to relieve him of the position—one who could squeeze in a decision on so small a question in less than three months.

If an opinion is not forthcoming at Monday's meeting, we can see no alternative to the council's deciding the issue, waiving opinion by the town solicitor.

Attention!

PHA Maintenance: Parkway apartment area is now known as Jungle Town. It is suggested that warning signs be put up at the entrances to this area warning people that due to tall grass and tree-like bushes it is dangerous for anyone not thoroughly familiar with the area to enter. Perhaps PHA would allot some additional funds to provide trained St. Bernard's for rescue work.

And while we're at it the town had better remove those two pipes sticking up in the path at the end of the walk on the Southeast corner of Southway and Crescent roads before someone seriously injures himself and sues the town from Heaven to low water.

Swimming Pool: The eating area is certainly a disgrace to the pool. How about some empty coffee cans on the tables for cigarette butts, etc. Also a couple of more large trash cans. We realize most people are pretty thoughtless about such things, but perhaps the containers might help to remind them that others use the area after they leave.

Writers of Letters to the Editor: We don't care how many two-bit words you use, or how cute your pseudonym is—standard *Cooperator* practice is to publish letters only when signed by hand with the name of the writer. Typed signatures of a too-too-darling nature sometimes prompt the editorial staff to check directories and police sources to see if such a name is on record locally. We do hate for the town to lose the benefit of constructive suggestions, so please sign your name, your real name, that is; we'll be glad to give you a phony name when your letter is published if you so stipulate.

Statisticians: Do you have any figures showing rental scales for houses and apartments comparable to those in Greenbelt? By comparable we mean an hour-and-a-half by public transportation from downtown Washington; poorly constructed, about-to-come-apart dwellings (war homes); almost-nil maintenance (apartments); and restrictions from no-pets to no-shorts to no-clothes-on-the-line-after-five o'clock. We'd be willing to wager whatever is left over after we pay our rent increase that said increase is unjustified on the basis of comparison.

Ushers Elect Officers

At the annual election meeting of the Ushers Society of St. Hugh's Parish held Wednesday, June 30, the following officers were elected.

Joseph Comproni was elected president and Carl T. Meuse was elected Secretary. These officers will serve for the next year.

PHA Toils With Tile

PHA will lay an asphalt tile floor in the arts and crafts room in the Center school, according to PHA Manager Charles Cormack.

The arts and crafts room will be utilized for kindergarten classes in the Fall.

'A' Block Defeats 'E' In Boys' Softball League

The summer recreation league opened up with a win for the last year's champs over the runner up. Little Jimmy Baxter broke up the dead lock with a hit in the sixth inning to give the margin to "A" 7 to 5.

The schedule for next week is listed below, all games at 2 p.m.

July 12 B & C vs. A
July 14 A vs E
July 16 D vs A

All boys interested report to the field on the above dates in order to form a team for "B & C" block.

"D" defeated "E" in an extra inning game that lasted for 9 innings with "D" coming from behind to win.

"A" defeated "D" to put undefeated "A" on top of the league.

League Standings

	W	L
A Block	2	0
D Block	1	1
E Block	0	2

Shamrocks Win 2 In Weekend Tilts

On Saturday the Shamrocks, Greenbelt's baseball nine, came from behind to defeat Mt. Rainier to break up a dead lock. Dick Cleveland drove a single to center field to score John Martone for the winning run. The final score was 4 to 3.

a. Cleveland for Wolfe in 2nd.
b. Benefiel batted for Sargies in 8th.

Sunday's tilt saw Greenbelt defeat the league's leader as they downed Hyattsville 5 to 4.

With men on 1st and 2nd, Randolph laid down a bunt to move men to 2nd and 3rd with Ad. Nuzzo coming to bat. He singled to center field to score both men and tie the score.

Harry Benefiel, up as a pinch hitter for Sargies, drove Nuzzo home with the winning run.

Bucky Loomis pitched his heart out to down Hyattsville as they defeated him earlier in the season. Bucky only allowed 6 hits while striking out 8. The final score saw Greenbelt on top 5 to 4.

Our Neighbors

By DOROTHY McGEE PHONE 5677

Dan Livingston, manager of the meat department at the Co-op Food Store, sails this week for a two months stay in his native Scotland. This will be the first time in twenty years that Mr. Livingston has visited the country where he got his start in the Scotch Co-ops.

Some time ago Mr. Livingston arranged to rent a car in Scotland so that he can visit members of his family still living there and see the country. If his plans work out, he will be back in Greenbelt soon after Labor Day.

Mr. and Mrs. Chester McDonald of 20-J Hillside are on a five weeks' motor trip in the far west where they are visiting at their family homes.

Mr. and Mrs. Bill Jensen, 4-B Crescent have as their house guests Mrs. Jensen's brother and sister-in-law, Mr. and Mrs. Samuel Crisantiello and their two daughters of Rochester, New York.

Mr. and Mrs. Leo Weber, 6-G Hillside and young Leo spent several days recently in Wildwood, New Jersey.

Mr. and Mrs. James Sommers and sons wish to thank their many

friends for attending the services at Arlington Cemetery and also for the lovely cards and lowers for their son.

ONLY THIRTY CAN GO

The Greenbelt Recreation department urges all junior high school boys and girls who wish to go on the hayride Saturday, July 10, to return their reservation forms to the department. As space is limited the 30 boys and girls who turn in their forms first will be able to go. If a larger number wishes to go, arrangements will be made for another hayride during the summer.

Co-op Buy-Lines

—Advertisement—

• Vacationers like to record their precious memories on film. You can be assured of fast, top-notch photo finishing by real experts if your films are left at the Tobacco Store. Fleet Photo Service, who handles our work, has won International phot-finishing awards.

Each picture is individually printed on paper selected for proper contrast of the negative.

An economy developing service is also offered. Any 6 or 8 exposure roll of film will be printed on the same contrast of paper for 49c.

• The Variety Store's electrical appliance department rental service is gaining considerable popularity. For \$2.50 a week you can rent a Thor Gladiron, or a Thor Auto-Magic Washing Machine for \$5.00 a week. If you decide to keep the machine the rental fee applies as a down payment.

• Suggestion to shoppers: Why carry heavy bundles home these hot sultry days? You'll find it well worth a nickel to ride the Co-op Bus.

• Planning to paint? Sherwin-Williams Flat Wall Paint is now available in the Variety Store. Another good wall paint now stocked is Wall Fix, which does a one coat job. Both of these have an oil base and are therefore washable.

CONTEST WINNER PRESENTS RADIO

Mrs. Roland Dickman, who won \$100 in a recent P. & G. soap contest, mentioned the Co-op Food Store as her dealer. In addition to Mrs. Dickman's prize, P. & G. awarded a portable radio to the store manager. Above Mrs. Dickman presents the radio to James Mathers, Center Food Store manager.
